

# CLASS ACT END-OF-TERM SPECIAL

## Bollywood dancing at Fordwater School

AS part of the Sports Premium Funding, on Thursday 21 May London based Bollywood Dance Specialist Kalpesh's K'z Dance Entertainment (www.kzdance.co.uk) visited Fordwater School.

Every class enjoyed a Bollywood dance lesson with Kalpesh.

The students were captivated by the music as well as the dancing. After a very energetic day the whole school joined

together for a farewell dance in the hall. A huge thank you to Kalpesh for a great day enjoyed by everyone!

## Space is final frontier in anniversary year at college

ONE of the many highlights this year was the launch of the Space balloon. Part of a national space competition, Engineering staff and students launched the Chichester College balloon, which travelled to the edge of space, tracked on GPS, and was finally recovered in Dorset. As the College's 50th Anniversary draws to a close, a new era in space study is beginning at Chichester College.

## Local schools celebrate highlights of the year

The CLASS ACT pages celebrate the imagination, energy and hard work of young people. Class Act is organised by the members of WASP. The Western Area Secondary Providers teach the 10,000 young people aged 11-19 living in Area A of West Sussex. WASP is a partnership made up of seven secondary schools and two academies, three special schools, and the FE College. Each school is different, but they all devote themselves to securing the best for their young people. In our end-of-term special our schools look back at the highlights of their year.

Sixth Formers show Year 6 pupils the way

## In with the old at Bishop Luffa

As one Year group leaves, another arrives. Recently Sixth Formers welcomed next year's Year 7 pupils for a busy day in school. Millie enjoyed "meeting new people and singing in assembly". Samuel said it was really nice to see where his form room would be and to meet his new form tutor. Anna in King said she enjoyed the tour with the Sixth Formers: "They were really nice and showed us their common room". It won't be long before these youngest in the school will be the oldest showing the next crop around.

## Felpham celebrates UNICEF award

Felpham Community College recently celebrated successfully achieving the UNICEF Rights Respecting Schools Level 1 award. A rights-respecting school teaches about children's rights and models rights and respect in relationships between students, parents, staff and visitors. The assessors were impressed with the students' passion and drive to make a difference in their school and beyond. Students and staff are now looking forward to embedding the culture of respect as they move towards Level 2 accreditation.

## Bourne celebrates sporting greatness

RECENTLY, Bourne Community College students and parents gathered to celebrate a bumper year of fantastic sporting achievements. Teams competed in local, county, regional and national competitions and broke school records for the number of wins. One of our rugby teams managed an entire season without conceding a point! Special guests Leeta Rutherford (England Beach Football Captain) and Ini Omotong (Nigerian International) from Portsmouth Ladies FC presented the awards.
