Pupils from Little Missenden Church of England School learned about Indian dancing

Creative students got the opportunity to learn about Indian dancing and music.

Head of the school, Michelle Green, said: "The children thoroughly enjoyed themselves and Kaplesh soon had them perfecting all the moves. On the first visit each class had an introduction to Bollywood, the world's biggest film industry."

On the second visit, the children dressed in Indian costume, listened to traditional Indian music and danced with some of the parents.

Pupil at the school, Jemima Scotchbrook, said: "It was great fun seeing the Mums and Dads dance, they were quite good."
