Celebrations of Holi, the Hindu festival of spring, brought a display of colour to Risby CEVC Primary School.

Pupils dressed up for the event, where they learned about Indian culture, cuisine and religion.

The day culminated in an enthusiastic display of Bollywood dance from the children on the school playing field, which parents and carers were invited to join.

Each class spent time with Kalpesh Zalavadiya, Artistic Director at K'z Dance Entertainment Ltd

Headteacher Soo Miller said: "Commonly known as the Indian festival of spring, festival of colours, or the festival of love, Holi heralds the arrival of spring after winter, and is celebrated as a day of spreading happiness and love.

"It was a wonderful way in which to broaden the children's horizons, a real treat before dealing with the serious implications of school closure under coronavirus regulations."
