### Dazzling Dance Workshops!

During the last week before half-term we welcomed KZ Dance Company to our school, so that children could experience a Bollywood style dance workshop. The weather was very kind as we socially distanced in the playground and it was an absolute delight to see the excited faces and awe and wonder return as children experienced something new.

All the children, including some from Nursery and the Speech and Language Workshop participated and worked towards a finished dance piece, which they performed at the end of their session.

The school had a real buzz as the music drifted around the classrooms and the colourful umbrellas and costume brightened up the playground.

Many thanks to the dance company for providing such an enjoyable end to the half-term.

**Dance Workshops Bollywood style.**
