The children at St. Stephens have been fortunate to have taken part in an amazing Indian dance workshop with the wonderful, self-proclaimed 'Mr. Bollywood', Kalpesh. KS1 thoroughly enjoyed learning and participating in the dancing. They loved the music, Kalpesh's enthusiasm, his fantastic costume and beautiful Rangoli umbrellas. We all learned lots of brilliant dance moves, and were able to learn about his culture, traditions and some of the festivals through a question and answer session. To finish off the day, the whole school was able to perform their dances to the parents at the end of the day - and even get the grown ups to join in too!
